# WE ARE HIRING

## Social Media Intern

Sibast Furniture is looking for an Intern within Social Media

This is an opportunity to have an internship with real influence and to get insights into the world of design, interior, craftsmanship and the relaunching of Danish Design Classics. You will be part of our passionate team North of Copenhagen and make a real difference in our quest of giving the world new design stories and new perspectives on timeless design classics.

### Your profile:

You are currently studying a relevant degree and looking for an internship  
You are a passionate user and very familiar with Instagram, Facebook, Pinterest  
You are passionate about digital marketing, graphic design, optimizing visual identity and communication  
You are familiar with and able to work within Photoshop and In-design  
You are familiar with Mailchimp and newsletter setups  
You are structured, open-minded, positive and motivated and know how to execute  
High proficiency/fluent in both spoken and written English and Danish  
Interest within interior and design is a plus but not a demand

Please send your application and CV to  
[anna@sibast-furniture.com](mailto:anna@sibast-furniture.com)  
+45 2279 7750 - [www.sibast-furniture.com](http://www.sibast-furniture.com)

### Your areas of responsibilities:

Creating content planner within the Sibast Furniture SoMe platforms  
Planning and executing at the Sibast Furniture SoMe profiles on Instagram, Facebook and Pinterest  
Designing, planning and implementing the Sibast SoMe strategy in real life  
Creating and coordinating SoMe content according to campaigns and events  
Newsletter setup including both content creation and written communication  
Follow up analysis of target audience reached

Sibast is a company with a story of proud wooden furniture making dating back to 1908. Since 2013, the fourth generation has re-launched Sibast Furniture with the same attention to detail, craftsmanship, and quality as the ancestors, at the same time adding new perspectives and creating new design stories.
